

THE UNIVERSITY OF  
MELBOURNE

Melbourne Audiology and  
Speech Pathology Clinic

# HANEN MORE THAN WORDS PROGRAM

## ABOUT THE PROGRAM

*More Than Words* is an evidence based intervention for children on the Autism Spectrum who have limited communication. It focuses on training parents to help children develop communication skills.

The program runs for 10 weeks, and is designed for parents of young children (aged 2-6 years). Parents learn practical ways to help their child communicate and interact during everyday routines and activities.

The program cost is \$2000 and includes:

- Seven parent training sessions in small, personalized groups
- Three individual clinic appointments for parents and their child

A Hanen Certified speech pathologist will lead the program

To express interest in the next intake for this program, please contact Rob Frewin, Speech Pathologist ([robert.frewin@unimelb.edu.au](mailto:robert.frewin@unimelb.edu.au)) or use our online appointment request form at [www.umac.org.au](http://www.umac.org.au)

## ABOUT OUR CLINICS

The University of Melbourne clinics train the next generation of speech pathologists.

This program involves student speech pathologists, under the supervision of an experienced, qualified speech pathologist.

Students are supported to provide you with an exceptionally high level of evidence-based care.
